Cyclonic & Bagged Canister Vacuums

VC608

Product Presentation:Dual Chamber - cyclonic - vacuum cleaner. This reliable compact canister is engineerd for powerful suction which penetrates deep into the carpet to remove stubborn particles.

Feature: Durable construction, foot pedestal button, rapid release hose, speed control, 7 stage filteration HEPA technology, swivel nose, convenient handle, Dual-chamber keep dust from entering the cyclonic chamber and ensure a better working condition of the cyclone.

Specification:

Power:1800W/2000W/2200W/2400W

Vacuum:≥23kpa Air Flow (L/S):≥20. Suction Power :≥200W Suction Efficiency :≥17% Noise:79±5% (dBA)

Power cord Specification&length:2*1mm2, 5m

Power Control Type:on body

Filter System:HEPA+cyclone+Exhaust filter

Usage Type:dry only Dust Capacity:2.2L cleaning efficiency:≥95%

Standard Accessory:metal telescopic pipe, 1.5m flexible hose, 2 itool

plastic brush;Net Weight:6.5kg±0.2kg Gross Weight:7.5kg±0.2kg

Cleaner Size:440X290X260mm
